I am Li Bijie, Founder and Chairperson of the Kit Yuan Yuanshidian Health Association. Since its establishment in 2023, the Association has adhered to its founding spirit:

「潔心緣聚，善行致遠，以手療痛，以心傳愛」
“Pure Hearts Gather, Good Deeds Reach Far – Healing Hands, Loving Hearts”

We are committed to promoting Yuanshidian medicine and enhancing the public’s ability to manage their own health, with special focus on the elderly and vulnerable groups.

2024 was our first full year of service. We concentrated on building a volunteer team, improving training systems, and expanding our community network. Throughout the year, we organized 45 activities, serving over 2,000 individuals and laying a solid foundation for community health.

In 2025, we further expanded our service scope, conducting over 50 activities, including the inaugural “Tengger Desert Charity Walk”, which brought our health and charity ethos to a broader stage. Over these two years, we have witnessed countless smiles and transformations, all made possible by the trust and support of every volunteer, donor, and partner.

Moving forward, we will continue to advance our mission of “Health for All”, making health an accessible gift in everyone’s life.

Thank you for walking this journey with us.

Li Bijie
Chairperson
